### *Chuck's experience includes:*

- Acting as financial advisor to several Unsecured Creditors Committees and functioning as a Trustee for liquidating assets available to creditors;
- Conducting process mapping projects which identified significant areas for improvement and leading change implementation efforts;
- Serving as an interim Controller/CFO for a distressed company, implementing an accounts receivable management plan and a standardized monthly closing process;
- Coordinating and performing internal audit site visits to document and test site level controls and to identify business process improvement opportunities, and leading investigations of financial fraud;
- Authoring expert reports and providing testimony in several litigation matters; and
- Leading acquisition due diligence teams and purchase price dispute resolution efforts, and performing purchase price allocations in accordance with U.S. generally accepted accounting principles.
